

Mural Artists

Terms of Reference

The Heinrich Böll Foundation is the German political foundation affiliated with the Green political movement that developed worldwide as a response to traditional politics. Our Middle East Office located in Beirut works to promote the foundation's Green values in the region by working closely with local partner organizations and individuals from Lebanon, Syria and Iraq for the creation of a socially just living environment. As such, our work focuses on environmental rights and access to public space and resources, civic engagement and political participation for the promotion of human rights and gender justice, and cross-cultural dialogue on diversity and tension in the region as well as on an international level.

Our namesake, the writer and Nobel Prize laureate Heinrich Böll personifies the values we stand for: defending freedoms and human rights, promoting civic courage and tolerance, facilitating engagement and open debates, and the valuation of art and culture as independent spheres for thought and action.

In light of our move to a new office premise, we are looking for mural artist who will work closely with us to design and create mural artwork for our office walls that would welcome visitors and tell our story visually expressing our values and our work over the years. We are looking for a merge of decorative design work that may include written texts, portraits, abstracts, landscape and dynamic action.

This opportunity is open to individual artists and/or artist teams based in Lebanon who have demonstrated experience in the arts through the creation of murals. To apply, please submit a statement of interest outlining how your artwork might translate to this specific project along with a digital portfolio that displays your experience working on public art projects.

Please submit to info@lb.boell.org by 20 December 2021.
